Albizia					
julibrissin rosea The acacia-like foliage is a good foil for the beautiful fragrant rose-pink flowers in summer. In our experience this plant is much hardier than it is usually given credit for. It is worthy of a position in the garden for its foliage alone, although the flowers are a real treat in warmer summers.	9cm Liner (S)	£0.67	£0.69	£0.75	£0.86
Eucalyptus					
coccifera Tasmanian Snow Gum. Very attractive juvenile foliage. Glauous leaves and stems. Extremely cold-hardy medium-sized tree.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
dalrympleana The biggest and the best of the gum trees and lime-tolerant. Wonderful patterned peeling bark on mature trees. Fast-growing and hardy.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
debeuzevillei The Jounama Snow Gum. This is without doubt the hardest eucalypt in cultivation. Beautiful patterned bark and shapely crown. The twigs and buds are very glaucous.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
gunnii Cider Gum. Silver-blue juvenile foliage must be kept pruned to keep good leaves. Adult leaves sickle-shaped, sage green. Very cold-hardy.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
parvifolia Compact, hardy, and the only other gum known to be lime-tolerant (as is dalrympleana). Lovely juvenile foliage for cutting. Attractive peeling bark.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
pauciflora niphophila A most attractive tree, slow-growing with flaking bark revealing an almost pure white, smooth bark, and red-rimmed leathery leaves. White flowers in summer.	9cm Liner (S)	£0.58	£0.60	£0.65	£0.75
